

SDMC STREAMING BOX DV9161

Deliver Entertainment Without Limits to Subscribers

EXECUTIVE SUMMARY

Delight your subscribers by providing them the ability to connect a Streaming Box to their TV via the HDMI port and turn it to a Smart Android TV!

Subscribers will benefit from +7000 apps such as Netflix, Disney+, Prime Video or YouTube for watching their favorite movies, series and documentaries, and much more! The versatile connectors allow for more flexibility: adding a soundbar, a Bluetooth game controller or watching videos and photos from an external USB hard drive.

Subscribers can even give commands with voice control feature.

SDMC Streaming Box DV9161

Android TV™ 4K Ultra HD Box with streaming and media player functions. Supports Netflix, Prime Video, Disney+, YouTube and more.

Remote Control

Subscribers will always have top apps at their fingertips, and the backlit remote control buttons make it easy to find the right button, even when the room is dark.

Operator Benefits

A powerful solution available exclusively for PayTV operators and providing valuable benefits:

BRANDED OPERATOR EXPERIENCE

Present your branding to subscribers from their first login. Control the landing page experience and easily keep audiences in your visual ecosystem with the box remote home and live TV buttons going directly to your app.

ENGAGE WITH SUBSCRIBERS OF ALL DEMOGRAPHICS

Provide subscribers with the options they demand. Simple just-watch TV experience, Netflix pre-installed, and the Google Play store open the world of possibilities from both the channel and application sides.

REMOTE MANAGEMENT SYSTEM CAPABILITIES (OPTIONAL)

Enjoy added convenience and reduce costs with remote management application installation and remote screen support.
